

PRIMO

MADE IN ITALY

**A New Way
of
painting!**

A single bottle

Looking for new creative painting techniques to experiment with your family? Thanks to the PRIMO poster paint bottles with intense, bright colours and ergonomic shape, children can explore their artistic potential with ease and safety, developing oculo-manual skills. The flow-control nozzle allows to dose the paint precisely and obtain a thick enough layer for drawing and painting in 3D.

Endless creative possibilities

Let your imagination run wild and discover their infinite creative possibilities.

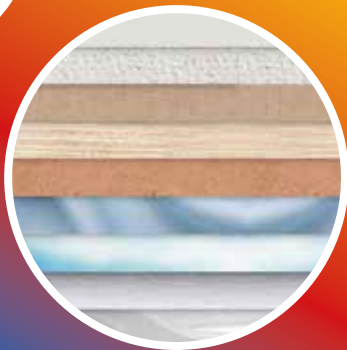

HAPPY BIRTHDAY!

peace

Different substrates

The paint is suitable for different materials such as paper, cardboard, wood, fabric, glass ceramic metal and plastic. To achieve permanent effects, it is necessary to fix the paint with a special varnish.

**HAVE FUN
WITH A
SIMPLE 'PRESS
AND DRAW'**

Draw and paint directly with the
bottle without having to use a
paintbrush!

EXPLORE MARBLING

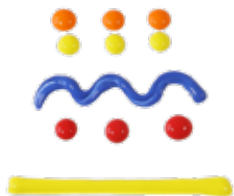

Create overlapping layers of different colours and 'scratch' the paint in several directions with the tip of a toothpick!

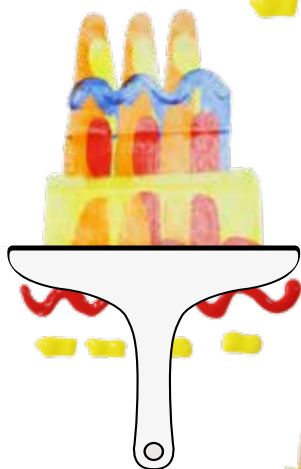

IMMERSE YOURSELF IN THE WORLD OF SCRAPE PAINTING

Create dots, lines and spots of colour with the bottle and use a scraper to blend them in. Observe and have fun discovering shapes and landscapes that will appear!

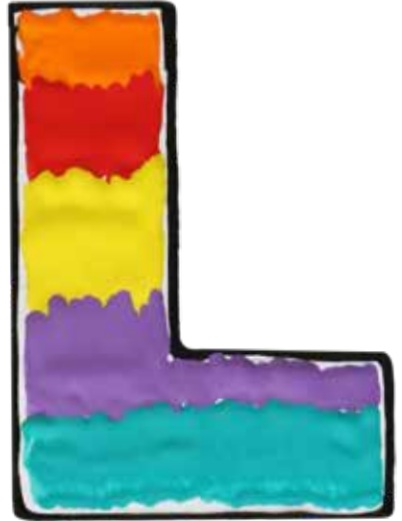

HAPPY BIRTHDAY!

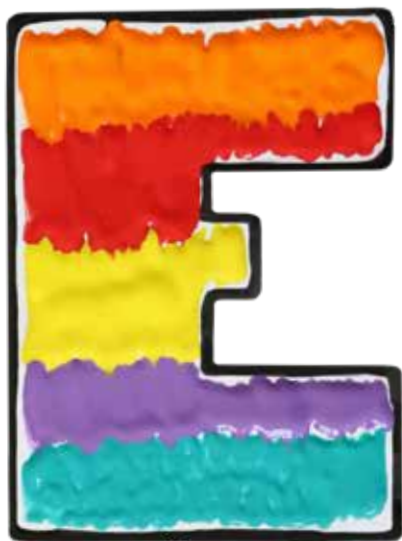

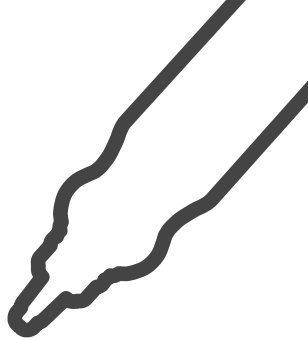

DISCOVER THE ART OF LETTERING

Personalize your favourite letters with creative details and with the use of colour. Make each composition unique and original!

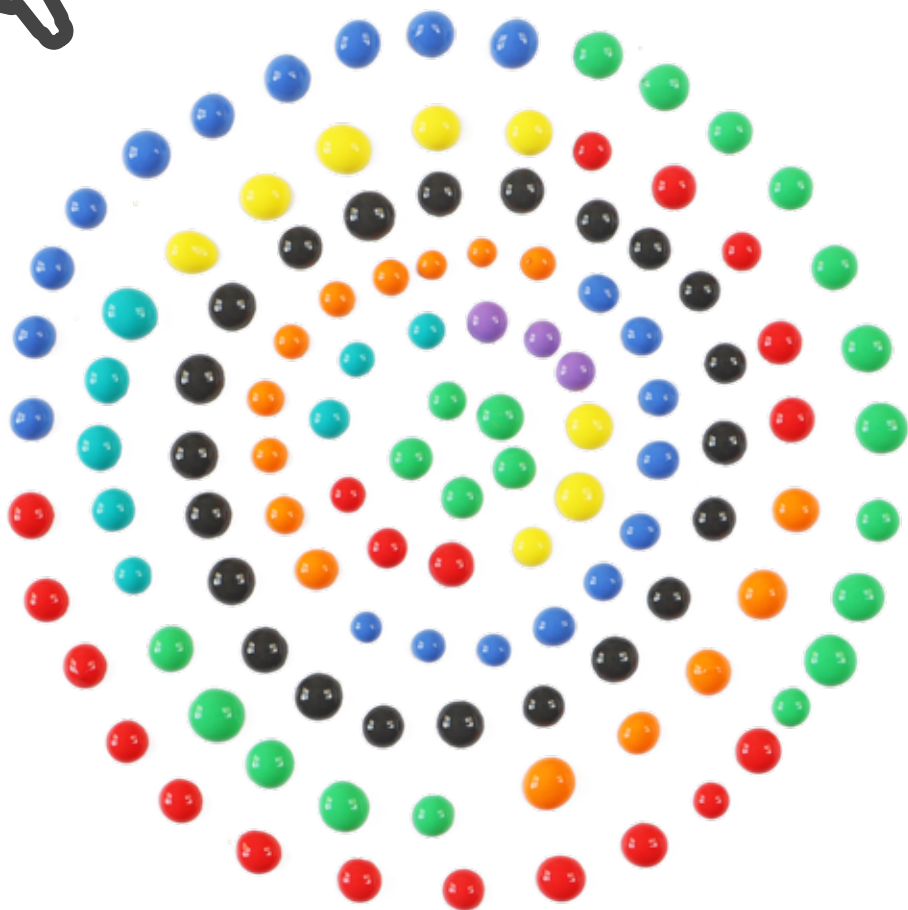

~peace

CREATE A POINTILL

IST MASTERPIECE

Turn many small dots into a masterpiece of colour. Observe your work from a distance and discover the magic of the result.

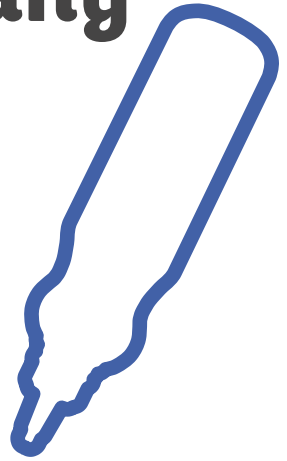

SYMMETRY OF COLOURS

Fold a sheet of paper in half, open it and pour a few drops of different colours on it or paint something. Fold the sheet and when you open it again, you will discover a unique and colourful creation!

**Many signs, many
thicknesses!**

In the same work, have fun
experimenting with all the
techniques illustrated and
inventing new ones.
Your creativity has
no limits.

**Many beautiful
colours available,
even metallic
and fluorescent**
